Applications are invited from Indian nationals for the position of Junior Research Fellow (JRF) to work in a SERB, DST, Government of India Project (EMR/2016/007821), titled “**Estimation of thermal boundary conditions for a cylindrical tube heat exchanger using efficient inverse heat transfer techniques**”.

Post-1: Junior Research Fellow (JRF)

Position: 1 (One)

Duration: 3 years or till the completion of the project, whichever is earlier, However, after every year, the progress of the candidate will be reviewed for further extension.

Emoluments: Rs 25000 pm + HRA (If, applicable) + other benefits (as per SERB-DST rules)

Essential Qualifications: Candidate must have Master degree in Mechanical/Thermal/Chemical/Industrial/Design/Production Engineering or equivalent. Candidates are expected to have a good mathematical background (optimization methods) and sound knowledge of computer programming.

The hardcopy of online applicants must send the following documents latest by **August 24, 2017** at IITRAM

1. A one page cover letter describing background and motivation
2. Curriculum Vitae with complete qualification and experience details
3. Reference letter from at least one referee

The shortlisted candidates shall be called for interview. The selected candidate will be registered for PhD program as per institute norms.

Please note that no TA/DA will be given to the candidates attending the interview.
